Bloom Collection

design R&D Torre

A large collection of ottomans and modular seating islands with various shapes, sizes and connecting possibilities.

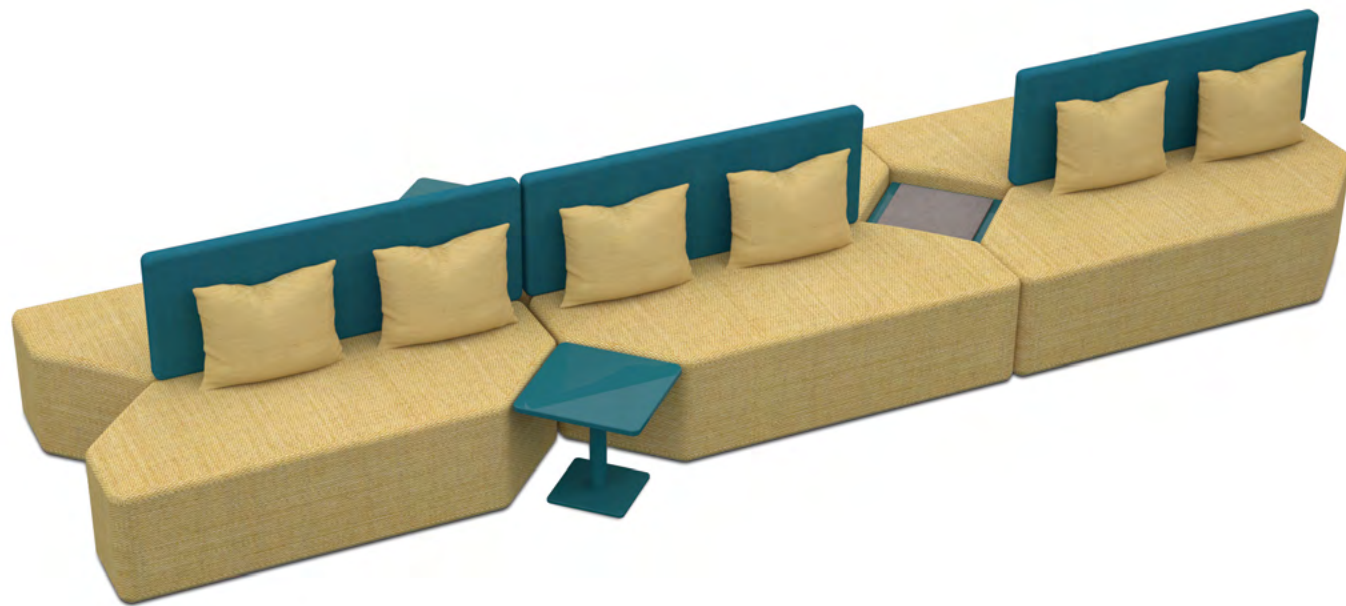

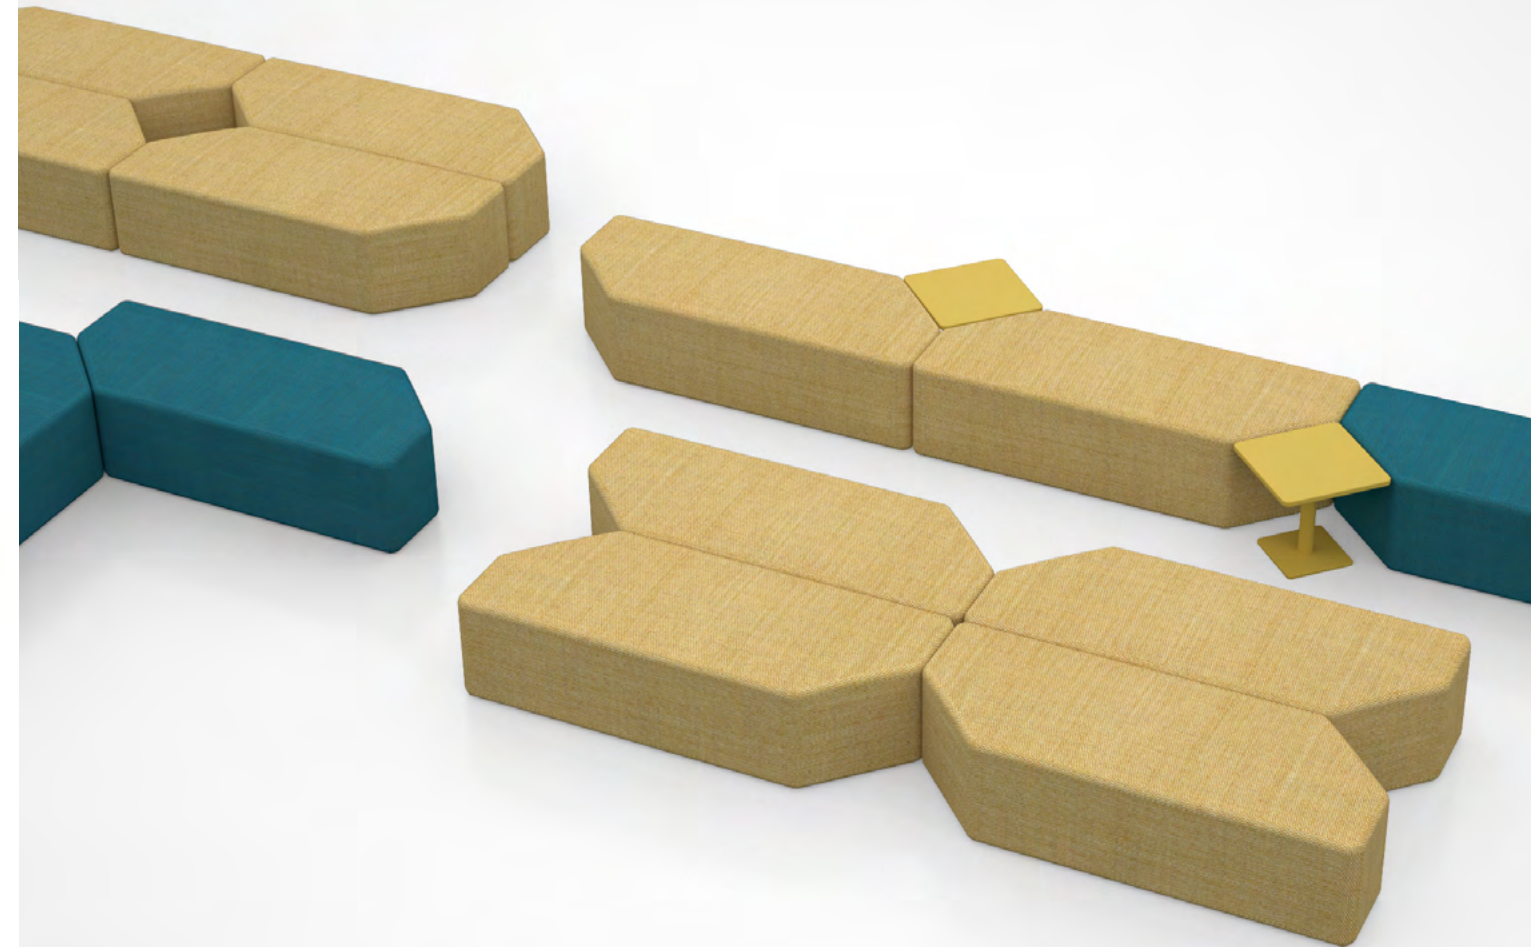

Med Collection

design R&D Torre

A system of ottomans, tables and modular seating islands with an original exagonal shape which allows a wide range of potential combinations for common and meeting areas.

Med
Various Combo

Molecule Collection

design R&D Torre

A large collection of ottomans and modular seating islands with various shapes, sizes and nexus possibilities which remind the natural connection of molecular systems.

Penta Collection

design R&D Torre

A family of pentagonal ottomans and coffee tables with a modular approach, which give life to a large range of connecting possibilities for many kind of environments.

Portopiccolo Collection

design R&D Torre

A family of modular sofas perfectly suitable for contract projects and common spaces where a simple upholstered frame, rounded or straight, embrace the soft padded seat. Free coloured pillows complete the products, providing the right comfort for any situation.

Ren Collection

design Carlesi e Tonelli

A wide modular sofa perfectly suitable for contract projects and common spaces with a sophisticated design and a strong character. The soft and comfortable backrest can be modulated with 3 different height. The sofa offers also a side table which allows a differentiated and functional use.
