

2021  
new indoor collection

# Daily stories

Ogni casa vive storie di quotidianità e storie straordinarie, eventi che si susseguono e che nutrono la nostra memoria e le nostre emozioni.

Viviamo lo spazio domestico con la famiglia, con gli amici ed amiamo condividere ciò che ci appartiene e ci circonda con gli altri, perché ci dona gioia e serenità.

Per questo Connubia ha scelto di entrare nelle vostre case, dove si respirano la vostra quotidianità e le vostre abitudini.

Abbiamo fatto nostro il vostro modo di abitare, abbiamo seguito il vostro ritmo quotidiano ed abbiamo realizzato degli arredi che potessero aggiungere valore al vostro tempo in casa.

Questa è la nostra nuova collezione: brillante, spontanea e colorata. Sta a voi scoprirla e renderla viva con le vostre storie.

*Every home lives stories of everyday life and extraordinary stories, events that follow one another and that nourish our memory and our emotions.*

*We live the domestic space with family, with friends and we love to share what belongs to us and surrounds us with others, because it gives us joy and serenity.*

*For this reason Connubia has chosen to enter your homes, where you can breathe your everyday life and your habits.*

*We have made our own the way you live, we have followed your daily rhythm and we have created furniture that could add value to your time at home.*

*This is our new collection: bright, spontaneous and colorful.*

*It's up to you to discover it and to make it come alive with your stories.*

Daily stories

Ecco a voi le vostre case!

Non quelle degli architetti, dei designer, della pubblicità patinata o delle serie televisive.

Parliamo di case vissute tutti i giorni, stanze spesso stracolme di oggetti, dentro alle quali mangiamo, lavoriamo, leggiamo, insomma viviamo le nostre storie quotidiane.

Abbiamo immaginato un nuovo mood fotografico, un'esperienza reale all'interno della #Connubity, inserendo gli arredi della nuova collezione Connubia nel contesto di case vere... le vostre!

L'ambiente domestico è stato lasciato inalterato, non abbiamo voluto interferire con gli oggetti più personali ed autentici che rispecchiano noi stessi, voi stessi.

Entriamo insieme.

*Here is your home!*

*It is not home of the architects, designers, polished advertisements, or home from television series.*

*We are talking about homes where we live every day, rooms often full of objects of everyday life, in which we eat, work, read, in short, we live our daily stories.*

*We have imagined a new photographic mood, a real experience inside the #Connubity, inserting the furniture of the new Connubia collection in the context of real homes... yours!*

*The home environment has been left unaltered, we do not want to interfere with it, your personal and authentic objects reflect ourselves, yourself.*

*Let's go in together.*

# DISCOVER THE MADE TO ORDER PROGRAM

Vuoi aggiungere creatività alla creatività? Adesso con Connubia puoi farlo, perché sarai tu a personalizzare i tuoi arredi. Il programma "MADE TO ORDER" di Connubia vi offre l'opportunità di infinite personalizzazioni di rivestimento delle sedute bestseller in gamma. Scopri tutte le combinazioni sul listino prezzi.

*Want to add creativity to creativity? Now with Connubia you can do it, because you will be the one to customize your furniture. The "MADE TO ORDER" program by Connubia offers you the opportunity to customize the upholstery of the bestselling seats in the range. Find all combinations on the price list.*

LEGNI | WOOD TYPES

LEGNO MASSELLO | SOLID WOOD

È ottenuto direttamente dal tronco dell'albero mediante lavorazioni meccaniche. Le particolarità estetiche e di venatura sono caratteristiche dell'essenza legnosa utilizzata. Il legno massello viene finito nelle tonalità tipiche delle varie essenze con una lavorazione di verniciatura (la finitura).

Obtained by cutting the tree log through a mechanic process. The aesthetic features and grain pattern depend on the wood essence. Solid wood is usually varnished (finishing process) and reproduces the typical essence shades.

IMPIALLACCIATURE | VENEERS

Si realizzano utilizzando fogli di legno nobile di spessore variabile ricavati direttamente dai tronchi di migliore qualità. Questi vengono poi incollati su vari supporti e finiti nella tonalità di tinta desiderata. Conferiscono grande qualità ai prodotti ed un eccellente risultato estetico.

Veneer is obtained by using thin sheets of wood with different thicknesses which are taken from the best quality tree logs. Veneer layers are usually glued to a support and then stained accordingly. Veneer increases the quality of the products and delivers an excellent aesthetic result.

NOBILITATI (SUPERFICI TERMO-STRUTTURATE) | MELAMINE FINISHES – THERMAL STRUCTURED SURFACES

Sono rivestimenti prefiniti ottenuti utilizzando carte (unicolori o stampate) impregnate e spalmate sul lato decorativo generalmente con resine melaminiche, che vengono applicati su un pannello di particelle di legno (supporto). Garantiscono una grande varietà di soluzioni estetiche, ottima stabilità e buone caratteristiche di resistenza all'usura e durata nel tempo.

Obtained by gluing plain coloured or patterned sheets which are spread on the visible layer with melamine resins on a wooden grain panel (support). Melamine coated panels allow a great variety of aesthetic solutions, they are durable and have excellent stability and resistance to wear and tear.

ACCOPPIATO CERAMICA-VETRO | LAMINATED CERAMIC-GLASS

Il top ceramica-vetro è un prodotto autoportante ottenuto accoppiando, con uno speciale procedimento in autoclave, una lastra di ceramica (gres porcellanato) ad un vetro float temprato. Lo spessore della lastra di ceramica è di 3 mm, ed è accoppiata con un vetro di spessore 8 mm (totale 11 mm). Il gres porcellanato è un materiale ceramico ottenuto da materie prime di speciale pregio e purezza, macinate e colorate nell'impasto, compattate ad altissima pressione e cotte alla temperatura di 1200 °C. Il piano di lavoro in gres porcellanato offre caratteristiche eccezionali in termini di resistenza ai graffi, agli urti, alle macchie, agli sbalzi termici ed ai prodotti chimici. È facile da pulire ed assolutamente igienico in quanto non assorbe liquidi e non rilascia sostanze nocive.

*The ceramic-glass top is a self-holding product manufactured by coupling one ceramic plate (porcelain tile) to a tempered floating glass thanks to a special process carried out in autoclave. The ceramic plate thickness is 3 mm and is coupled with an 8 mm thick glass (for a total of 11 mm). The porcelain tile is a ceramic material obtained using a mixture of stoneware composed by clay and valuable raw materials, which are mixed, body tinted, compacted whilst high pressure is applied and finally fired at 1200 °C. The porcelain tile working surface features exceptional performances in terms of scratch, impact, stain, thermal shock and chemical resistance. It's easy to clean and very hygienic because it does not absorb liquids and does not release harmful substances.*
