# Frida

Simple sculptural beauty

DESIGN  
Odo Fioravanti, 2008

EN – Frida, winner of the XXII Compasso d'Oro ADI "for its simple sculptural beauty", is a seating that combines beauty, innovative technologies and love for details. Its innovative character takes shape in the use of solid oak combined with three-dimensional plywood, to obtain a chair extraordinarily lightweight, equally ergonomic and resistant.

IT – Frida, vincitrice del XXII Compasso d'Oro ADI "per la semplice bellezza scultorea", è una seduta capace di coniugare bellezza, tecnologie d'avanguardia e amore per i dettagli. Il suo carattere innovativo si riconosce nell'utilizzo del massello di rovere abbinato al multistrato tridimensionale, per dare forma ad una sedia estremamente leggera, ergonomica e resistente.

## Reloaded memory

DESIGN  
Odo Fioravanti, 2020

EN — The Babila XL armchair with a polypropylene shell stands out for the large dimension of its seat and armrests. The aim is to offer greater seating comfort, also through the padded lining recalling a woman's dress. Babila XL "recycled grey" version is one of the first products made from recycled polypropylene: 50% from plastic material post-consumer waste and 50% from plastic material industrial waste.

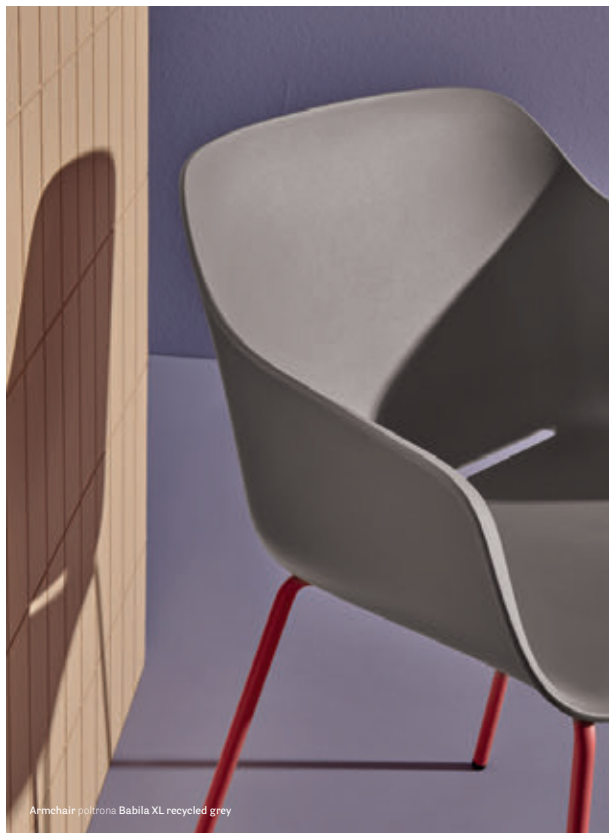

IT — Babila XL è una poltrona con la scocca stampata in polipropilene che si connota per le dimensioni ampie della seduta e del bracciolo. L'obiettivo è quello di offrire un comfort generoso di seduta, grazie anche al rivestimento imbottito, quasi a ricordare un abito femminile. La versione Babila XL "recycled grey" rappresenta uno dei primi prodotti realizzati in polipropilene riciclato: 50% da scarto di materiale plastico post consumo e 50% da scarto di materiale plastico industriale.
