A more casual and playful version of the Arki-Desk with a coloured frame is also available.

IT — Arki-Desk è un tavolo che, grazie alla sua semplicità, risulta molto versatile, massimizzando la sua capacità di rispondere alle esigenze di flessibilità e funzionalità degli uffici moderni e home office. Le gambe a cavalletto, realizzate in acciaio o in massello di rovere, si collegano ad una traversa in acciaio, alla quale viene fissato il ripiano, garantendo stabilità e aderenza al suolo. Il telaio può essere colorato, rendendo Arki-Desk più informale e giocoso.

# Toa

## Strength and lightness

DESIGN  
Robin Rizzini, 2020

EN – The Toa table combines a technical-industrial style with decorative allure, giving life to a functional and evocative product. Lightweight and minimalist, the Toa table is characterised by a solid die-cast aluminium frame in a fluid geometric design connected by two steel beams suitable to support large sizes tops. Toa's main features are its tapered bridge legs made of die-cast aluminium, which are thinner at the base and widen up towards the "T" element that supports the top.

IT – Toa è un tavolo che unisce con equilibrio il linguaggio tecnico-industriale a quello decorativo, dando vita ad un prodotto funzionale ed espressivo. Leggero ed essenziale alla vista, il tavolo Toa è caratterizzato da una robusta struttura in pressofusione di alluminio dalla forma geometrica e fluida supportata da due barre in acciaio capaci di sostenere anche ripiani di grandi dimensioni. Elemento caratterizzante di Toa sono le gambe a ponte dalla forma affusolata realizzate in pressofusione di alluminio che, più sottili alla base, si allargano verso l'alto confluendo sotto al ripiano in un elemento a "T".

## Nordic essence

DESIGN  
CMP Design, 2012

EN — Malmö tables evoke domestic warmth sensations thanks to the touch of ash wood, their peculiar shapes and the appeal to tradition imagery. Designed to fit in convivial spaces, these tables have tops in veneered ash wood, HPL solid laminate or lacquered MDF, combined with tapered solid ash wood legs.

IT — I tavoli Malmö sono in grado di esprimere una sensazione di tepore domestico grazie al piacere tattile del frassino, all'espressività delle forme e all'affinità con un immaginario tradizionale. Pensati per essere collocati in luoghi conviviali, presentano un ripiano realizzato in frassino impiallacciato, stratificato o MDF laccato, e gambe in massello di frassino tornite.

## The importance of the material

DESIGN  
Marco Merendi & Diego Vencato, 2021

EN— Caementum is a monoblock concrete table specifically designed for outdoor use. Through the addition of carefully selected additives, this highly resistant material guarantees excellent technical performance, including ease of cleaning, greater resistance to mechanical stresses and weathering, and low permeability to liquids and stains. # Elinor

## A classy hug

DESIGN  
Claudio Bellini, 2019

EN — The Elinor collection of tables brings to mind the soft, curving lines of the namesake executive chair springing from a new perception of space and conveying a refined yet contemporary image. The base is formed of two moulded elements of fixed dimensions, made from rigid polyurethane foam and upholstered in genuine leather; they support a table top in ultra-thin solid laminate, with rounded lacquered MDF support beneath it which conceals the steel structure.

IT — La collezione di tavoli Elinor riprende le linee morbide e sinuose della poltrona direzionale omonima proponendo una nuova percezione dello spazio e trasmettendo un'immagine raffinata e contemporanea. Una base costituita da due elementi sagomati di dimensione fissa realizzati in poliuretano rigido e rivestiti in pelle sostengono un ripiano in stratificato ultrasottile attraverso un sottopiano in MDF laccato dalla forma bombata, che nasconde la parte strutturale in acciaio.

Elegance is an attitude

DESIGN

Daniele Lo Scalzo Moscheri, 2007

EN — Surface extendible table comes from the desire to find a perfect connection between the architectural and the design sphere. The tapered section of terminals and legs gives formal lightness. The aluminium guides allow an easy extraction of the two extensions.

IT — Il tavolo allungabile Surface nasce dall'idea di trovare una ideale connessione tra la sfera architettonica e quella del design.

La sezione rastremata di terminali e gambe dona leggerezza formale.

Le guide in alluminio permettono una facile estrazione delle due allunghe.
